A New York and "incinnati Type Sticker to Cor d for 01,000 and the Ch monship.

[From the New York out, January 19.] The artists of the 'art preservative of all arts" are in a flutter over the pros-pects of a match between New York and Cincinnati compositors. For some years Mr. George A. Barber, of Cincinnati, has had a standing challenge, to set type with any fellow-craftsman for \$1,000, "to work five or eight hours a day, on solid, straight matter, the type not to be larger than brevier or smaller than agate." Yesterday, Mr. George Arns-burg, employed at the 'Times' office, called at the Clipper' office with a few friends, at the same time depositing \$100 as an earnest of his intentions. Mr. Arnsburg, who is known among his friends as "The Velocipede," accepts Barber's challenge, the only change in the terms being that he wants to work ten hours only. He offers Barber \$100 to come to New York, or will take the same sum and go to Cincinnati. Barber is said to have set 17,800 solid minion in ten hours. This is rapid work. The friends of Arnsburg do not say what he has accomplished heretofore, but are willing to back him with their money. The trial of skill is to be made within a month, providing the Western man puts up. If he backs down, Arnsburg will make a match with any other man on

FOR THE CURE OF

AGUE AND FEVER

OR CHILLS ANDVER,

THE proprietor of this celebrated medicine justly claims for it a superiority over all remedies over offered to the public for the affe, creams, speedy and personners ever of Ague and Fever, or Chilis and Fover whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been cheeked, more especially in difficult and long standing cases. Usually, this medicine will not require any aid to keep the towels in good order; should the patient, however, require a cathatte medicine, after having taken three or four doses of the Tohic, a single dose of Stall's Vegetable Family Pills will be sufficient. WORM DESTROYER

HAVE received many testimonials from profestional and medical men, as my almanaes and various publications have shown, all of which are genuine. The following from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of Bull's Worm Destroyer:

Villanow, waiter Ceuaty, Ga.,
June 20, 1866.

Dr. Jons Bull.—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderfully efficacious. It has not failed in a single instance to have the wished-for effect. I am doing a pretty large county practice, and have daily use for some article of the kind. I am free to confess hat I know of no remedy recommended by the ablest authorities that is so certain and speedy in its effects. On the contrary, they are uncertain in the extreme, My object in writing you is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line discarding a remedy which we know to be sufficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and every means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than my self have learned its effects first, and secured the sole right to secure that knowledge. However, I amby no means an advocate or supporter of the thousand of worthless nostrums that flood the county, that purport to cure all manner of diseases to which flesh is heir. Please reply soon, and inform me of your best terms.

The lam, sir, very respectfully.

A GOOD REASON FOR THE CAPTAIN'S

Read the Captain's Letter and the Letter from his Mother : Benton Barracks, Me., April 30, 1886.

Benton Barracks, Me., April 30, 1866.

DR. JOHN BULL—Dear Sir: Knowing the efficiency of your Sarsparilia, and the healing and beneficial qualities it possesses, I send you the following statement of my case:

I was wounded about two years ago—was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up2 a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilia than in anything else. I wish that that is genuine. Please express me a half dezen bottles, and oblige—CAPT. C. P. JOHNSON,

Bt. Louis, Mo.

P. S.—The tollowing was written April 20, 1866, by Mrs. Jennie Johnson, mather of Capt. Johnson:

DR, JOHN BULL—Dear Sir: My husband, Dr. C.
S. Johnson in my care. At thirteen years of age, he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. IP CURED HiM; I have for ten years recommended it to many in New York, Ohio and lows, for scrofula, fever sores, and general debhity. Ferfect success has attended it. The cares effected in some cases of acceptate and power sores were almost miraculous. I am very anxious for my son to again bave recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. Hie wounds were terrible, but I believe he will recover. Respectfully,
